

King's College

TAUNTON

**Appointment of Teacher of
Mathematics
(one year, full time maternity
cover)**

Starting September 2019

ABOUT KING'S

King's College is a thriving boarding and day school of approximately 460 pupils. It combines strong academic achievement, traditional values and excellent pastoral care with a progressive, modern outlook, providing girls and boys aged 13–18 with the opportunities, confidence and ability to exploit their potential to the full within a happy and caring environment.

King's Hall Prep School (located some three miles away) combines with King's to provide continuous education from 2-18 and the two schools are run by one Governing Body, with many functions (marketing, strategy and finance for example) undertaken jointly.

King's College has a sound family and community ethos. Just over 60% of the pupils board. A broad range of co-curricular activities is offered. Good discipline is encouraged in a firm and positive way within a supportive pastoral framework. King's College is strong on manners and social skills. Pupils go on to good universities and professional careers.

For a relatively small school, King's College has an enviable record of success. The school has regularly topped GCSE league tables for Somerset in recent years and two departments, DT being one of them, were rated top in the country for their A level results by the Good Schools Guide. The Chapel Choir won the BBC "Choir of the Year" competition, the girls football team are ISFA national champions at U18 level, and the U15 cricket XI were national champions in 2017.

In short, King's is a purposeful, outward-looking, down-to-earth, successful school.

ABOUT TAUNTON

Taunton, the county town of Somerset, is a busy market town with excellent road and rail links. It is located between junction 25 and 26 on the M5, 25 minutes north of Exeter and 35 minutes south of Bristol. The fast West Country train service reaches Paddington in under two hours. Taunton is a growing commercial and residential centre, has a splendid small theatre, the County Cricket Ground, a successful rugby club, a delightful museum and the usual shopping outlets.

THE POST

The mathematics department enjoys a high profile among both pupils and staff, and is busy, purposeful and successful. It is housed in the main corridor of the school.

Mathematics is taught in sets until the end of GCSE and is the most popular subject choice at A level. There are three A level sets and one further maths set. A level results span a range of abilities, with several going on to read the subject at prestigious universities. Recent exam results have been consistently high, with positive value-added scores every year:

		2018	2017	2016	2015	2014
A Level	A* - B	55%	64%	59%	61%	71%
GCSE	A* - A (9,8 & 7 in 2017)	38%	49%	34%	46%	39%

The department currently follows the Edexcel IGCSE syllabus, followed by the Edexcel syllabus at A level. There are six full-time specialists, plus the Headmaster, in the department. Full-time members of the department teach every aspect of A level, and the teaching of upper and lower sets is shared around all colleagues as fairly as possible.

The department is enthusiastic and supports a thriving Sixth Form maths society, runs lunch-time support sessions and has a successful presence in national competitions at various levels. The department is very well-resourced: each teacher has their own classroom equipped with all the IT you would expect of an interactive 21st century classroom, including interactive whiteboards. There are clear schemes of work with departmental guidelines for teaching methods and the department meets weekly to discuss all aspects of teaching and learning in maths.

WHAT WE ARE LOOKING FOR

We require an enthusiastic teacher to join this department from September 2019 for one academic year. The post would suit either a newly qualified teacher or one with experience, who can share their expertise and love of the subject, and teach lessons which inspire and that pupils enjoy. King's College has a lively and friendly Common Room of over 50 full-time teachers, all of whom contribute to the school's outstanding co-curricular programme of sport, music and many other activities. The ability to contribute in some way to this programme would be a distinct advantage. All full-time teachers also tutor a small number of pupils. Applications from candidates looking for part-time work will also be considered.

Newly qualified teachers will be supported in completing their initial year at King's by the Head of Staff Induction, who has vast experience in guiding and training NQTs.

PERSON SPECIFICATION

	Essential	Desirable
Qualifications	<ul style="list-style-type: none"> • Degree level qualification • PGCE or equivalent teaching experience 	<ul style="list-style-type: none"> • Subject specific training courses
